Two Straight-Acting (Power-Extend/Spring-Retract) Jacks with a lifting capacity of 6,000 lbs. per jack on the rear

Automatic leveling for RVs built on the Ford E350/E450 Cutaway Chassis

Owners of RVs built on the Ford E350/E450 Cutaway Chassis can enjoy the benefits of computer-controlled, automatic leveling used for Class A and bus-style RVs. The single-step touch panel is easy to operate. Jacks are specifically designed to clamp on the E350/E450 with no welding or drilling. The front jacks are very compact with a long 13" stroke.

Single-Step Leveling
